

Knowledge is power: Read! Succeed!

Reading is an important phase in learning! Smart Village Schools will be hosting “*SVS Book Fair*”, starting from *December 17th until December 21st, 2017*.

We will be offering a wide variety of books that we hope will interest our students, as we try to encourage them to read more to enhance their reading skills. So kindly expect your child to come and ask for money, to buy a book from the school’s book fair, during the mentioned period. However, if you wish to buy the book/s yourself, the book fair will be on display in Kipling’s Playground (English books) and the school’s reception (French books).

Also, as we have been working closely on bullying, we are encouraging the students on buying certain books focusing on this topic in specific. Upon the school’s request, a list of related books will be supplied during the fair, the proposed books are:

1. There is a boy in the girls' bathroom by Louis Sachar
2. Middle school: "worst years of my life" by James Patterson
3. Mathilda
4. Speak by Laurie Anderson
5. Middle school: "just my rotten luck" by James Patterson
6. Unstoppable by nick Vujicic
7. Holding up the universe by Jennifer Niven
8. Blubber by Judy Blume
9. Billionaire boy by David William
10. wonder
11. Auggie and me
12. letters to a bullied girl
13. 13 reasons why
14. Carrie

Apart from encouraging them to read, we are also working on expanding the school’s library, as every book supplier displaying in our Book Fair will offer the school books worth **20%** of his net sales (in terms of books), which will be donated to the school library. The number of books we get will only be due to students’ will to read.

The more they read, the bigger our school library gets!
