

THE JOY OF GIVING @ SVS 57357 Hospital project

This is how SVS celebrates Christmas!

SVS has launched a campaign where SVS students will be offering instead of receiving, our children have decided to put a smile on less fortunate kids' faces.

KS2 Kipling students were asked to bring one gift to be collected and given to children in **57357 Hospital**. Students worked on wrapping their gifts during a lesson where the morals of such a kind act was discussed with them.

Grade 5 students were responsible to deliver the gifts themselves, as representatives from the school.

This will be a yearly initiative which we hope students will look forward to.
