

THE JOY OF GIVING @ SVS BANATI project

This is the festive season, where children expect presents, and Santa passes by and offer gifts. therefore, SVS has launched a campaign where SVS students will be offering instead of receiving, our children have decided to put a smile on less fortunate kids' faces.

KS1 Kipling students were asked to bring one gift to be collected and given to children in **BANATI for street children**. Students worked on wrapping their gifts during a lesson where the morals of such a kind act was discussed with them.

Grade 1 students were responsible to deliver the gifts themselves, as representatives from the school, as well as spending a fun filled day.

This will be a yearly initiative which we hope students will look forward to.
